Restaurant Operators Will Love How Fast & Easy it is to Place Their Own Orders Online 24/7/365!

Web Order Entry, Reporting & More

ONLINE ORDER ENTRY FOR CUSTOMERS

Latina online ordering offers you the convenience of entering your orders at any time. Your entire order guide will be visible along with product information and pricing.

ORDER GUIDES TO MAKE ORDERING EASY

When using online ordering you can utilize Order Guides | A list of specific items commonly ordered together. These guides can be created by department, day of the week, or business location for franchise customers. Order guides ensure you remember to order everything your operation needs.

REPORTING

Online ordering includes reporting capabilities for up to 13 months of customer sales history. All reports are fully customizable, allowing you to completely control all data fields, filtering and sorting options. Report styles include:

Report Name	Description
Invoice Detail	Customer purchasing details by item
Invoice Summary	Customer purchasing details summarized by invoice
Inventory Worksheet	Report to aid customer in ordering process
Item Consumption	Customer purchasing details by item with additional filtering options
Product Listing	Customer Order Guides and Price Lists
Open Balances	Open invoices for customers similar to an AR customer statement
Usage by Brand	Customer purchases by Brand
Prospect Price Quotes	Quoted pricing per item for customer prospects

Entrée EXPRESS

Mobile Order Entry

Super Fast Order Entry On Your Mobile Device

FAST ORDER ENTRY ON YOUR CUSTOMER'S MOBILE DEVICE

If you've been looking for a way to quickly enter your orders, then **entrée EXPRESS** is the solution. An easy to use app you can download onto your mobile phone from either the Google Play or Apple App Store. Place your order *on the go* with **entrée EXPRESS**!

The elegant and easy to use interface allows operators to speed through the ordering process with your order guide(s) and pricing. Search the Latina catalog for items, check on open accounts receivable and check order status. The go-to tool for convenience.

VIEWING YOUR CATALOG

View our entire catalog of items with the ability to group by item "Class" or "Brand Name" with advanced search capabilities. An extensive amount of information can be displayed from the Catalog, including Pricing, Product Image, Brand Name, Unit of Measure, Pack Size, UPC Number, Item Constant or Average Weight, On Hand Quantity, comprehensive item notes and more.

ACCOUNTS OVERVIEW

View your Account, which provides detailed information related to accounts receivable status. View open invoices and payment dates as well as information including invoice dates, aging, invoice numbers, invoice status, invoice amounts, payments, credits, last payment dates and check numbers.

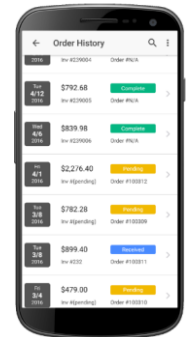

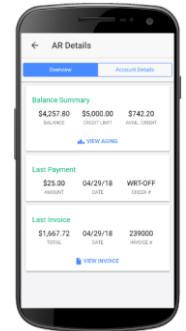

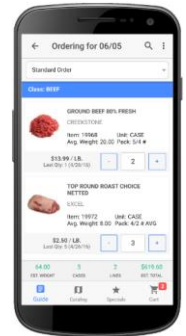

PENDING ORDERS & ORDER HISTORY

The **entrée EXPRESS** app makes it easy to check the status of all recent and outstanding orders. See when orders are scheduled to be delivered, as well as edit an order that has not yet been transmitted to the Latina warehouse and also view the details of any order that was placed up to 13 months ago.
