

**Great Soups  
To Help Drive Gross Profit!**

**REDUCE  
WASTE**

Frozen prepared soup's 21-month shelf life can help you reduce waste, simplify menu forecasting and manage inconsistent demand. In comparison, refrigerated soup has a shelf life of just 2-3 months.

**ADD  
VERSATILITY**

Our soups are here to help you maximize your inventory. They're delicious on their own, but also versatile enough to be utilized as quality speed-scratch ingredients in other dishes or cooked down into great-tasting sauces.

**LOCK IN  
FRESHNESS**

Our soups are frozen at the peak of freshness preserving them and locking in flavor and nutrition, with no added preservatives. The same can't be said for many refrigerated soups.

**KEEP IT SIMPLE**
