Fall is about here and the Holidays will be upon us before you know it, secure your orders of Geese, Tur-Duc-Hens and other seasonal favorites. Cervena Elk and Venison is on hand and ready to inspire those looking to build new and exciting fall menus.

Don't have time or room to make your own glaze or stocks? Leaving pots on overnight can dig into your utilities expenses as well as create a potential fire hazard...health departments frown on it, and frankly it's just a hassle. *We've got your solution.* Our expertly made grass fed veal, beef & lamb glazes are amazing...and our mussel and lobster stock is out of this world! They are smartly sized to maximize kitchen space, provide consistent taste and help save on labor & utilities. See page 15 *Stock Shop Co.*
